

New Natural Gas Service

If you do not have natural gas service at the present, and you would like to have gas service, please print out this request form, fill it out and either bring it to Milton City Hall or mail it back to us at:

Gas Department
City of Milton
PO Box 909
Milton, FL 32572

This does not mean that you will have natural gas service installed, but it will allow us to see if we can install natural gas service for you. If you are in a neighborhood with several homes on your street, ask your neighbors if they would be interested in having natural gas service too. The more people to install natural gas service will lower the installation cost increasing the chance that natural gas service can be installed in your area.

**NATURAL GAS OF MILTON
REQUEST FOR GAS SERVICE**

Range _____ Dryer _____
Vented Fireplace Logs _____ Unvented Fireplace Logs _____
Other _____

I hereby make application for gas service, and agree that if feasible and approved by the City of Milton, gas is to be delivered to me at the outlet side of the City's gas meter serving the premises indicated; such meter, regulator(s) and service line installed will be owned and operated by the City. If located on my property, the site is to be furnished free of charge by me. Contributions-in-aid-of-construction and/or charges for facilities are not to be construed as a purchase of facilities, unless there is an express contractual agreement to that effect.

The City of Milton and its representatives are hereby authorized to enter upon my property and install the gas service, regulator(s) and gas meter for furnishing gas to said address. The City shall have a right of ingress and egress for the purpose of installing, maintaining and/or removing the City's equipment, reading the meter monthly, and any and all ingress and egress which may be necessary so that the City can carry out its duties under the terms of this agreement. All gas piping from the outlet side of the meter shall be owned, operated and maintained by me at my sole cost, risk and liability. I agree to contact the City prior to any excavations or new construction or additions on my property.

I understand that upon signing this request, within 60 days, if gas service is not used by me to the extent reflected on this application, the City will bill me, and I agree to pay for the cost of facilities constructed and installed at my request at the address shown, as well as any and all collection costs as may become necessary, including reasonable attorney's fees.
